Dear Caltech Neighbor,

As we approach the month of June, I would like to draw your attention to the following events that will take place at Caltech.

**Commencement.** We invite you to join us for Caltech's 112th graduation ceremony on Friday, June 9th at 10:00 a.m. as we celebrate the achievements of Caltech's Class of 2006. The event will take place on the mall directly south of Beckman Auditorium. The guest speaker at this year's commencement exercises will be Dr. David Baltimore, the retiring president of Caltech, a Nobel Prize winner, and public advocate for science and engineering. Dr. Baltimore is Caltech's 7th President, and will remain at the Institute as a Professor of Biology.

Because the ceremony will attract many of our students' proud parents, relatives and friends to campus, we will make every effort to mitigate the off-campus parking and traffic impact of their attendance at this annual event. Approximately 275 students will be receiving Bachelors degrees, and another 200 are expected to be receiving their Masters and PhD degrees.

**Public Event.** On Friday, June 23rd, at 8:00 p.m., on the Beckman Mall lawn, the Levitt Pavilion for the Performing Arts presents Les Yeux Noirs *(Black Eyes).* For twelve years these two brothers have been carving their own path down the road of Yiddish and Gypsy music, supported by a growing audience throughout Europe and America.

As always, if you have any questions of concerns, feel free to contact my office at 626-395-6256.

Sincerely,

Hall P. Daily
